

UDOT Region One Right-of-Way Encroachment Permit Application Instructions

An application for a UDOT Region One Right-of-way Encroachment Permit must:

- Include a Location Map.
- Include a Topographic drawing showing existing features.
- Include a Recent county plat of the area.
- Clearly show dimensions and locations of improvement.
- Make definitive ties to UDOT's design database (if possible).
- Include a storm water drainage plan.
- Incorporate UDOT Standard Drawings as applicable.

General Requirements:

- A three year performance bond is required for a minimum of \$10,000 or for the value of work performed if that value exceeds \$10,000.
- All plans must indicate that:
 - "Construction within UDOT's right-of-way shall meet UDOT's Standard Specifications for Road and Bridge Construction, dated 1999."
 - "Work will not inhibit regular traffic operations."
- Encroachment permit applications will require a 1 to 3 week review period at which time UDOT will then indicate the extent of infrastructure requirements.
